

100 Proof

I had a dream
The kind life takes
It went out with Fresca
And 8 Track tapes

Thought it died
Got obsolete
But no lie
When I

Felt you
It felt pure
Felt like truth
100 proof

And I had wishes
Turn to mistakes
As doomed as Evel Knievel
Flying high above the rattlesnakes

Thought love had died
Got obsolete
But no lie
When I

Felt you
It felt pure
Felt like truth
100 proof

and I wasn't scared
of being up so high
when I

I

Felt you
It felt pure
Felt like truth
100 proof
